

# BERRYNORDIC™ CLOUDBERRY

THE “SCANDINAVIAN GOLD” ANTIOXIDANT

## INCI NAME

Water, Glycerin, Betula Alba Juice, Rubus  
Chamaemorus Fruit Extract, Pentylene Glycol

## USAGE LEVEL

2-10%

## DESCRIPTION

BerryNordic™ Cloudberry is composed of berries grown in the pure, Nordic utopia of Finland. This country is known for its clean air and soil that lacks harmful pollutants. Due to the growing conditions of the cloudberry, they exhibit the highest purity and quality in comparison to berries grown in other countries. This purity is kept intact during the extraction process to provide a concentrated cloudberry complex rich in beneficial vitamins and minerals.

Arctic cloudberry is rich in vitamins and essential fatty acids that are essential to providing nourished and healthy skin. By containing twice as much vitamin C as an orange, these berries were essential to maintaining the health of Vikings in arctic climates. Cloudberry grows in temperatures around -40°F and can retain moisture despite the cold atmosphere, making it very popular for moisturizing cosmetics in Nordic countries. These berries are rich in antioxidants and ellagic tannins, which can provide cosmetic benefits such as hydrating, soothing, brightening, and anti-aging.

## BENEFITS

- Twice the amount of Vitamin C as an orange
- Hydration and moisture properties
- Rich in antioxidants
- Calm irritated skin
- Useful for skincare and haircare
