

SMART™ Arrowroot Powder

Natural Arrowroot
Powder For Skin & Hair

WHAT IS ARROWROOT?

Arrowroot Powder is a powdery product extracted from the roots of the arrowroot plant (Maranta Arundinaceae). Arrowroot Powder is a fine silky white powder being used in many natural body powders, deodorants and wherever talc is being used.

KEY ATTRIBUTES

- 100% Pure-Sustainably sourced plant derived
- Alternative to talc
- Asbestos-free which is a concern with talc
- Thickener and that does not require heating and performs at a board range of pH
- Improves glide in stick products
- Used as a filler for creams and lotions
- Anti-irritant and Non-allergenic properties
- Provides a silkier, softer and smoother feel to the product
- Water and oil absorbent

IDEAL USES
